**Price: \$697.00 ea + Shipping**

- **All suspension sales are final and are not returnable.** Fast Master Products, Inc. has spent a lot of time developing the Swivelwheel product line. If for some reason you cannot get your design to work, do not call us wanting to send the components back to us. We cannot guarantee that the components will work the way you want them to.
- Do not ask us for design help. Due to insurance and legal issues, Fast Master Products, Inc. cannot help you with your design or installation support of the components.
- Fast Master Products, Inc. does not sell the Swivelwheel Hitch Assemblies other than with our system orders.
- Shipping times are dictated by the availability of suspensions on hand at the time of order. We will not jeopardize our customer system orders for the shipment of the components. When our suspension inventory level drops to our reorder point, the components will not ship until the inventory has been replenished. This could be as long as 4 weeks on the outside. We should be able to give you an estimated shipping time at the time of order.
- Fast Master Products, Inc. is not responsible for damages or injuries incurred by your product design or component mounting issues.
- The Torsion Suspensions is rated from 600-1000 pounds on a 50/50 weight split.
